

Jan 8, 2010
Dr. Rita Kelsian,

I would like to compliment you on your professionalism during my root canal procedure on Jan 6, 2010. I was very nervous and apprehensive, but you made me feel comfortable and you were reassuring to me. Speaking to me and telling me what was happening during the time of the procedure helped me thru it.

The secretaries were very attentive and apologetic if they delayed me at all. They were very pleasant and explained things clearly to me.

I would like to thank you on a more personal note re: my daughter. Your phone call to her was most appreciated! Thank you!

Rita Kelsian
